

Move forward.

Capella University
Bachelor's Degree Completion Program
for Community College Graduates

According to the
United States Bureau of the
Census: 2005, a bachelor's
degree is worth \$15,522 more
in annual wages than an
associate's degree.

Take the next step today.

Call an enrollment director at
1-888-642-0289.

See Program Articulation Guide
on back for transfer details

After you earn your associate's degree, go further and complete your bachelor's degree at an accredited university. Capella University offers a seamless transition to a quality undergraduate program online where you bring real-life work issues to your courses, develop smart solutions to roll out on the job, and move forward with a degree that opens up new career opportunities.

Special alliance benefits for you

Because your community college has an education alliance with Capella University, you are eligible for special benefits as you transfer into a bachelor's degree program.

- 10 percent tuition discount
- Smooth credit transfer
- Streamlined application process
- No application fee
- Petition for degree credit

Learn the skills that put you in demand

At Capella University, you will develop in-demand skills that make you more effective and respected as a professional. Our courses are designed to help you immediately apply what you learn to your job so you improve your performance and earn respect from your employer right away—even before you finish your degree.
