

Music

2009-2010

Program Overview

This degree is designed for students that want to start training for a career in music or music education. The program follows the standard music curriculum offered in the first two years of four year music degrees. Students receive intensive training on their main instrument, rehearse and perform in ensembles, and study music theory, ear training, and music history. Students also enroll in general education courses as part of their liberal arts education. To facilitate the smooth transfer of credits, an articulation agreement is in place with Minnesota State University, Mankato. The AFA in Music degree may also transfer in part or in its entirety to other baccalaureate institutions.

Program Options

Program Name: # of Credits, # of Semesters

Music (AFA Degree): 64 cr, 4 sem

Application Requirements

High school graduate or GED

Prospective students are expected to have, at minimum, a basic competency level of musicianship (voice or primary instrument) and a basic music reading ability. Students must consult with the music faculty before beginning the AFA in Music program.
