Century College Fire Service Training

Our goal is to deliver critical and consistent standards of leadership, command and technical training so that fire and emergency response teams are trained to the highest level possible. Because when a crisis hits, you need skills already in place to respond and react.

Standards of Leadership

DELIVERING extensive capability, skills and leadership training for fire and multi-agency responders.

PROVIDING street smart applications designed to test the skill and ingenuity of firefighters.

RESPONDING to the unique needs of different emergency services.

Custom Training

Focused on Your Priorities and Needs

One size doesn't fit all. We will work with you to understand your specific challenges, needs and priorities and can build a training program that meets and exceeds your expectations.

Our Instructors

- Are certified by the MBFTE
- Have significant experience and expertise
- Are selectively chosen as experts in their field
- Provide quality instruction through partnership

Foundational Skills

NFPA 1001 provides the basic skills fire officers need to react and respond to most emergencies. Start your foundational training here. (We offer day and evening classes as well as a blended format – classroom and online.)

- Firefighter I
- Firefighter II

Build on your skills with key **Hazardous Material Training**. This course will cover awareness, operations, technician and specialist roles.

Continue with Fire Equipment Training

- Fire Equipment Operator
- Coaching the Emergency Vehicle Operator (CEVO)
- Aerial Operations

Leadership Programs

Interested in becoming an officer? Take it to the next level with our intensive and hands-on leadership program training.

- Fire Officer I
- Fire Officer II
- Building Construction
- Strategies and Tactics
- Fire Instructor
- NFA Leadership series I, II and III

- Fire Inspector and Investigator
- Preparation for Initial Company Operations
- Strategies and Tactics for Initial Company Operations
- Decision Making for Initial Company Operations

Professional Development

Continuing education and additional skills training are offered throughout the year depending on demand and industry needs. If you don't see something here, contact us! We can develop any skills training you need!
