What is PSEO?
The Minnesota Legislature created the Post-Secondary Enrollment Options program, or PSEO, in 1985. Under PSEO, high school juniors and seniors enrolled in a school (including public, private, home, and charter schools) and/or American Indian controlled tribal contract or grant school can attend colleges and universities and receive both college and high school credit. The State of Minnesota pays for tuition and books. The purpose of PSEO is to enhance the high school experience by promoting “rigorous academic pursuits by encouraging and enabling secondary pupils to enroll full-time or part-time in nonsectarian courses (Minnesota Statutes 124D.09).”

The Legislature left selection criteria and implementation of the program up to the individual college. It is important to note that Century College follows the Minnesota State guidelines for PSEO. **PSEO is NOT an open enrollment program;** students must meet minimum criteria in order to be eligible for the program and courses are offered on a space-available basis only. All of the PSEO qualifications are clearly listed in this PSEO application.

You will need to notify your high school that you are interested in participating in the PSEO program.

**Reading**: A student who presents a HS GPA of 2.6 or higher is given college-level placement.

Option 3: Course Placement Forms

At any time, students can complete the Reading and Math Course Placement forms. These forms are typically utilized by applicants who do not meet Option 1 or Option 2, but would still like to demonstrate their college-level skills in those areas.

Please refer to the Testing Center website for information about the Reading and Math Course Placement Forms.

*If a student would like to take a math course at Century College through the PSEO Program, the student must meet one of the three qualifying options above to indicate college-level math skills. Developmental math courses are not eligible under PSEO legislation.

➢ The orientation process is a MANDATORY activity. It is designed to prepare students for a successful start at Century College. Critically important college policies are also reviewed.

➢ After completion of orientation, students are given the opportunity to register for classes or schedule a virtual advising appointment with an Academic Advisor. Students can ask Academic Advisors about the best way to set up a course schedule in light of overall college goals or demands such as work, high school extracurricular activities, transfer to four year colleges, etc. Students should connect with their high school counselor prior to registering for Century College courses in order to confirm any courses they may be required to take at Century to fulfill graduation requirements.
