What is the intent of PSEO for 10th grade students?

Legislation has been passed to amend the statute relating to the state’s Postsecondary Enrollment Options Program (PSEO) to allow 10th grade students who have attained a passing score, defined as a proficiency level of “meets or exceeds” on the 8th grade reading Minnesota Comprehensive Assessment (MCA), to participate in PSEO to take a career or technical education course. The legislation becomes effective on July 1, 2012.

**Career and Technical Education.** A student who is in 10th grade and has attained a passing score on the 8th grade Minnesota Comprehensive Assessment in reading and meets the other course prerequisites or course enrollment standards established by the college, including but not limited to assessment test scores, program admission, or other requirements, may enroll in a career or technical education course at a system college. If the student receives a grade of C or better in the course, the student shall be allowed to take additional career or technical education courses in subsequent terms. A career or technical course is a course that is part of a career and technical education program that provides individuals with coherent, rigorous content aligned with academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current and emerging professions and provides technical skill proficiency, an industry recognized credential, and a certificate, diploma, or an associate degree.

PSEO is not an open enrollment program. Students must meet minimum criteria in order to be eligible and courses are offered on a space-available basis only. **10th grade applicants must REAPPLY to the PSEO program as an 11th grader & meet application requirements as stated in the general PSEO application.**

### Enrollment Steps

You will need to notify your high school that you are interested in participating in the PSEO program. There are three basic steps in applying for and enrolling in Century’s PSEO program:
