You will learn to: apply deBono’s Six Thinking Hats, use questioning techniques for the right purpose, gather and assess useful information, develop criteria to measure interpretations, understand implications and consequences of interpretations, generate productive ideas based on a foundation of critique.

Basic Rider Course - Motorcycle Safety Foundation

Learn how to ride and earn your motorcycle license endorsement.

The new MSF Basic Rider Course consists of 4.5 hours of classroom, 10 hours of on-cycle training and a required prerequisite online course called The MSF Basic eCourse.

The MSF Basic eCourse is a highly interactive 3-hour online program that provides riders of all skill levels with the basics of motorcycling. The Basic eCourse prepares you for the 4.5 hours of activity-based classroom exercises, and the 10 hours of hands-on riding exercises.

After registering for the Basic Rider Course you will receive a confirmation email.

On the riding range, your MSF-certified RiderCoach will guide you through the basic skills of straight-line riding, stopping, shifting, and turning, gradually progressing to swerving and emergency braking. Motorcycles are provided for all the students enrolled in the Basic Rider Course. If you are an automatic scooter rider, you can bring your own scooter with proof of insurance if its 500cc or less, 400 pounds or less, in good working order and registered as a motorcycle. For a complete course description, visit www.motorcyclesafety.state.mn.us.
