How to make an appointment:

- The dental clinic answering machine will take your message 24 hours a day, 365 days a year.

- The clinic manager checks messages and makes appointments during regular working hours. Please leave your name and a phone number in the voice mail system.

- In order to provide required clinical experiences for our students, we prioritize patient needs and match them up with students needs.

- You will be informed when times are available for your type of appointment.

- If you want or need an appointment sooner than we can provide, we would be delighted to help you with a referral to another clinic.

- You may be placed on a waiting list for the next available appointment.

- Please note it is common for the clinic to be booked months ahead but openings can occur every week. Please let us know if you are available for short notice.

- If unable to keep your appointments, kindly give 24 hours notice. Otherwise, we reserve the right to give your appointments to someone else.

Length of appointments:

Because your care provider is a dental hygiene student, you should expect appointments to last as long as three hours. This time is necessary to allow the students and instructors sufficient time to learn and teach, as well as take care of you. In return for your time we will keep our fees very affordable. You will be allowed to take breaks if you need one. We appreciate your understanding!

Directions:

Coming from the West:
- Take 694W going East toward St. Paul; take the exit 51/120 or Century Ave; turn left at Century Ave going north.
