DUCKS LEADERSHIP

An engaging and exciting program, our outdoor initiatives program provides experiential learning opportunities for our students and employees.

A trained facilitator tailors specific activities to your group, which may include icebreakers, problem solving, communication, low-ropes challenges and conflict resolution.

This program also utilizes the woods on the south side of West Campus. Some of the activities are permanent; others will be set up using the natural surroundings.

DUCKS Leadership is offered for classes, departments, clubs, and programs for an hour time frame for a whole day. We will create opportunities to develop student and employee leadership.

For additional information stop by the Student Club Center on West campus lower level Room 1210.

USING FINANCIAL AID TO BUY YOUR BOOKS

Fall textbook deferment availability is July 27 – Sept. 4. Financial Aid Textbook Deferments are available to students who have been awarded financial aid and who have funds that exceed the amount of their tuition and fees. Financial Aid Textbook Deferments allow a student to charge books at the Bookstore up to the amount available for a Financial Aid Textbook Deferment. The minimum amount of a Deferment is $100 with a maximum amount of $750. Charges made against a Deferment will be deducted from your Financial Aid when it is disbursed.

Prior to attempting to use a Financial Aid Textbook Deferment at the Bookstore, it is your responsibility to confirm that there are financial aid funds available for a Deferment. Following are the instructions on how to confirm your eligibility:

* Go to the Century website at www.century.edu.

* Click on “Login” at the top of the screen to get to “myCentury” and log in to your portal using your StarID username and password. On the very bottom left of your myCentury page is a Textbook Deferment link that will give you your information.

Once your financial aid award is posted on the website, it will take one day before the Financial Aid Textbook Deferment will be available for use in the Bookstore. It is important that you bring your Century student ID and your class schedule with you to the Bookstore to get your Deferment. If your financial aid changes and does not cover your tuition and fee charges for any reason (including such things as dropping or adding credits, unsatisfactory progress, holds, etc.) you are responsible for repayment of any Textbook Deferment charges. Please note that you do not need to spend your entire deferment amount. Whatever you do not spend will be added back to your financial aid disbursement.
USE YOUR FINANCIAL AID AS YOUR TUITION DEFERRAL OPTION

Your FAFSA can be used as your payment arrangements to hold your classes. Complete your FAFSA now to hold your classes without making a down payment of cash. Learn more here https://www.century.edu/cost-financial-aid/tuition-payment.

DON’T WAIT! APPLY FOR FINANCIAL AID EARLY

Due to a high volume of financial aid applications at the start of each academic term, FAFSA applications should be completed and submitted at least 6 weeks prior to the term start. Students should be prepared to purchase books, pay tuition, and pay for other start-up costs (supplies, transportation, etc.) without financial aid assistance if FAFSA is not submitted on time.

Complete your 2020-21 Free Application for Federal Student Aid (FAFSA) now by using your 2018 tax return information. Go to https://studentaid.ed.gov/sa/fafsa and be sure to use your FSA (Federal Student Aid) ID. You are strongly encouraged to link your tax information directly to your FAFSA by using the IRS Data Retrieval Tool (DRT) built into the FAFSA. Detailed DRT instructions can be found here: https://www.century.edu/sites/default/files/FinancialAid_Tax_Transcript19_0.pdf

YOUR FINANCIAL AID

After applying for financial aid, be sure to continue to check your eServices for updates to your financial aid application. We will notify you of any updates to your financial aid status/award by sending you an email, so make sure to check your email often. The amount of aid you are eligible for is based entirely on your FAFSA and the information you entered on the application. Your award package is yours, and yours alone. The information requested by our office may not be the same year to year, and may even differ between family members.

Please be sure to submit any additional information as soon as we request it, as we may be unable to award you financial aid without it. Also, remember to reapply for financial aid by completing a new FAFSA every year before the start of Fall term, and report any changes in income/family size accurately.

If you have any questions regarding financial aid, contact Financial Aid staff at finaid@century.edu, stop by their office on the west campus W2201, call 651.779.3305 or go to century.edu/finaid.

IF YOU DECIDE TO NOT ATTEND CENTURY

If you decide to not attend a course(s) at Century, it is YOUR responsibility to drop your course(s) – not Century’s. You are responsible for the payment of your tuition and fees for all courses not dropped during the first five (5) business days of the semester, regardless of whether or not you choose to attend the class. Do not rely on the “registration cancellation for non-payment” process as a way to drop your courses.

If you do not plan on attending registered courses, you must drop them either through your eServices online or by completing a drop form in person at the Records Office prior to the 5th day of the semester. Century College does not drop students for non-attendance.

After the 5th day of the semester, all registered students are financially committed for tuition and fees. Century does not send out invoices or tuition statements as that can be viewed online in your eServices under “Bills and Payments”.

Should you have any questions regarding payment of your tuition and fees, please contact the Business Office at 651.779.3278, or stop by their office on the west campus in the Main Commons.

BOOKSTORE GALORE!

The bookstore is your one place to stop to get textbooks, classroom supplies, college apparel, uniforms and more! To stay on top of what is happening in the bookstore, make sure to like them on Facebook.

One way to help with your budget is to use the bookstore’s comparison textbook shopping. Simply go to the century.edu website, click on “Students” at the top, go to Academic Success, click on Bookstore and follow the steps for finding the textbooks for your courses. Each time you select a course, it will show the textbooks you need for that course along with the different options for purchasing your textbook – new, used, eBook, rental – and if you can find it cheaper somewhere else.

Keep in mind that you can buy your textbooks either on campus (make sure to have your class schedule and Century student ID with you) or order them online and either have them mailed to your residence or pre-bundled and set aside on campus for you to pick up with your Century student ID. No matter how you purchase your textbooks, make sure to do it early before the rush right before the semester starts! The bookstore accepts cash, check, all major credit cards (except American Express), third party payments, and Financial Aid Textbook Deferments.

HELPFUL TIPS

• Lost & Found – check the bookstore if you have lost anything or if you have found something and would like it returned to its owner.
• Shop early – avoid the long lines at the beginning of each semester!
• Student ID, course schedule and receipts – don’t forget to bring them with to the bookstore!
• Student IDs are required if using a personal check, Financial Aid Textbook Deferment, and third party payment.
• Course schedules are essential for locating required textbooks.
• Receipts are required for all returns and exchanges.
• Book buy back – students can sell back their books at the end of the semester and the sooner you are able to do that the best chance at getting some money.

REGISTRATION GUIDE

UNDERSTANDING THE DIFFERENT COURSE OFFERINGS

Online courses at Century College may be delivered in one of four different ways:

1. Online–Completely Online with no “Synchronous” Components
   This is the most common type of online class. All of the instruction is delivered online without any required meetings on campus.

2. Online – Completely Online with “Synchronous” Components
   These courses will have specific times that students must meet online. The registration notes will specify the times or the instructor will inform you. Often more than one option is offered.

3. Predominantly Online Course
   These courses are predominantly online but may have one or two required meetings on campus and/or may have students take proctored exams with someone supervising. The meetings or exams may not necessarily have to be at Century.

4. Blended Hybrid Course
   These course sections are partially online and are also called Blended Online and Campus-Based. A significant portion of the course is delivered using the internet. The course does have scheduled times that it meets on campus as well. The registration notes will list the days/times the course meets on campus.

If you register for an online course, it is important that you are able to log into your D2L Brightspace account and check it prior to the start of the semester. Many instructors will drop students who do not check their D2L Brightspace account within so many days after the start of the semester (usually the first five days but can be the first day of the semester). To be certain, read the “Notes” section of the course description on eServices for more information.

Online learning is computer intensive and students enrolled in online courses must be prepared to spend many hours each week on a computer completing their assignments and contributing to online class discussions. On average, students should expect to spend three hours on a computer each week for every one online credit they are completing. It is usually not recommended that first time, first semester students take an online course if they have never completed an online course before. Also, you will need high speed internet at home to be able to keep up with the assignments for the course. Please keep in mind, online learning is not any easier or flexible than in class learning.
